

Acknowledgements for A collaborative and near-comprehensive North Pacific humpback whale photo-ID dataset

Happywhale would like to acknowledge each of the thousands of image contributors who create the strong community of marine mammal enthusiasts who make Happywhale a resource for ocean conservation science. The authors wholeheartedly thank the whale watch guides, leaders, photographers and tour company owners who make it part of their mission to share and educate the world about whales and ocean life. A full list of contributors to the North Pacific dataset in Happywhale is at the end of this document. Happywhale wishes to acknowledge funding support from Cheesemans' Ecology Safaris, NOAA Fisheries, Pacific States Marine Fisheries Commission, Cascadia Research Collective, University of Alaska Southeast, The Marine Mammal Center, the Hurtigruten Foundation, Booking Cares, Viking Expeditions, Lindblad Expeditions, Amber Group, Defenders of Wildlife, and all individual supporters of Happywhale.

Daniel Palacios and Craig Hayslip (Oregon State University, Marine Mammal Institute, Whale Habitat, Ecology, and Telemetry Laboratory) acknowledge the financial support from the U.S. Navy's Office of Naval Research; the Tagging of Pacific Pelagics program; the Steve Irwin Foundation; the Pacific Life Foundation; the Makana Aloha Foundation; the Navy's Pacific Fleet Commander (via CESU Cooperative Agreement No. N62473-19-2-0002); and private donors to the Oregon State University Marine Mammal Institute Endowment. Photographs were collected under NMFS Marine Mammal Protection Act/Endangered Species Act Research Permit Nos. 841 (1995 to 1998), 369-1440 (1998 to 2004), 369-1757 (2005 to 2008), 14856 (2014 to 2018), and 21585 (2019) issued to Bruce Mate.

Okinawa Churashima Foundation thanks S. Ozawa, Y. Miyamura, H. Miyahira, K. Tamura, and K. Miyahira for the data collections in Okinawa.

Cascadia Research Collective would like to thank the many contributors and participants in the SPLASH study that was an important foundation and dataset to the current effort. We thank NOAA for funding some of the data collection especially off the US West Coast, Central America, and southern Mexico in recent years as part of their support for SPLASH-2.

All data in the Mariana Islands were collected under NMFS MMPA permits 15240, 20311, 21482 and the CNMI DFW permits 03086-15, 03292-16, 03564-17, 03752-18. Funding was provided by the U.S. Navy (Commander, U.S. Pacific Fleet) and the Pacific Islands Fisheries Science Center. We thank Allan D. Ligon and Adam C. Ü for their significant contribution to PIFSC fieldwork in the Marianas and NAVFAC/HDR for their contribution of images from their survey of FDM in 2020.

UNAM thanks M.J. Vázquez-Cuevas and the many students from UNAM that for years have worked curating photographs and at sea.

Pacific Whale Foundation acknowledges that funding was provided by the members of Pacific Whale Foundation and private donors. Photographs were collected under MMPA/NMFS permits 323, 399, 565, 812, 982, 468-1574, 13427, 16479 and 21321. We acknowledge the support of many team members, both staff and volunteers, that contributed to PWF's long-term humpback whale research and in particular thank Abigail Machernis, Florence Sullivan, and Elizabeth Beato for their assistance curating the PWF catalog and uploading it to Happywhale.

University of Alaska Southeast (UAS) lab of Heidi Pearson acknowledges photographs were collected under NMFS permits 14122, 18529, and 20688 and UAF IACUC protocols 464648 and 1604256. We thank Chris Pearson and the many UAS undergraduates who helped with data collection and analysis. Funding was provided by Alaska EPSCoR, the University of Alaska Foundation Angus Gavin Migratory Bird Research Grant, Alaska Sea Grant, BLaST, and NMFS through a grant to the Pacific States Marine Fisheries Commission.

The North Coast Cetacean Society thanks the Save Our Seas Foundation, Willowgrove Foundation, the Department of Fisheries and Oceans, Donnor Canadian Foundation, all private donors, volunteers and staff and the Gitga'at and Kitasoo/Xai'xias First Nations. Photographs were collected under research permit MML-43.

Glacier Bay National Park & Preserve and UAS Sitka acknowledge all data were collected under NMFS ESA/MMPA permits 600, 845, 945-1499, 945-1776, 15844, 21059, P263, P317, 473-1700, 473-1700, 14122, and 18529. We acknowledge the many Park staff and volunteers who helped collect and process the data over the decades of study.

Ester Quintana-Rizzo thanks the funding support of various institutions including Cascadia Research Collective; Fondo Nacional de Ciencia Tecnología, awarded by the Consejo Nacional de Ciencia y Tecnología, through the Secretaria Nacional de Ciencia y Tecnología (Fodecyt 85-2007 Project), Cetacean Society International, Sarasota Dolphin Research Institute, Idea Wild, Defensores de la Naturaleza Foundation, and SPLASH 2 coordination provided by NOAA Fisheries West Coast Region and NOAA Fisheries Office of Protected Resources

Whales of Guerrero thanks the communities of Barra de Potosí and Zihuatanejo in Mexico for their assistance and support, the dedicated scientists, educators, community members and expedition guests who collected the data with us (in particular, Arturo Mellín, Terra Hanks, Victoria Pouey Santalou, Claudia Auladell Quintana and Cristina Martin, Idea Wild, Cetacean Society International, USFWS/Semarnat Wildlife Without Borders, National Geographic Society, Lighthouse Foundation, Norcross Wildlife, Oceanic Society, SEE Turtles, NOAA, Cascadia Research Collective, Smultea Environmental Sciences, Mysticetus, Adobe, Luis Medrano Gonzalez at UNAM, and the private donors who made this work possible. Data was collected under research permits: SGPA/DGVS/12143/16, SGPA/DGVS/011899/17, SGPA/DGVS/010770/18

Ecología y Conservación de Ballenas, A.C. thanks FIBB Catalog contributors: Ecotours Vallarta, Vallarta Natours, Instituto Tecnológico de Bahía de Banderas, CRIP-INAPESCA, Vallarta Adventures, Orca de Sayulita, Oceanfriendly and Cielo Abierto who collected data. We also want to thank Fundación Ecológica BIOMAR, Stanley W. Ekstrom Foundation, Junghanns, Opequimar Centro Marino, PV Marine, Ecotours Vallarta, October Hill Foundation and many other private donors for their kind contributions to make this project possible.

NOAA Hawaiian Islands Humpback Whale National Marine Sanctuary would like to acknowledge the support of staff and volunteers that contributed to the Sanctuary's long-term humpback whale fluke catalog; and the funding support provided by Whale Trust (via Whale Tales awards), the Volgenau Foundation, Deborah and Michael Rybak, Whaleman Foundation, and many private donors that make the catalog possible. Special thanks to Rachel Finn for curating the Sanctuary's catalog.

Photographs were collected under MMPA/ NMFS permits 14682, 15240, 20311, 932-1489, 932-1905 and 18786.

Alaska Whale Foundation images were obtained under NOAA/NMFS Research Permits No. 0716-1456, 716-1705, 14599 and 19703.

Whale Trust acknowledges the many supporters who have funded our research over the years, ultimately allowing our photo-id dataset to be shared. We thank Cathy Maxwell and Haley Robb for their efforts in helping to manage our photo-id catalog with Happywhale submissions. These images were collected under NMFS-NOAA permits: 753, 987, 13846, 19925.

For the Philippines, we thank WWF-Philippines, all the volunteers and researchers of BALYENA.ORG particularly Elson Q. Aca, Shotaro Nakagun, Timothy Gardner and Takeya Sakamoto. We are grateful for the funding support from Ocean Park Conservation Foundation – Hong Kong, The Rufford Foundation, Whale Trust and all our donors.

Marine Education and Research Society (MERS) acknowledges this work would not be possible without the contributions of the ecotourism, research, and conservation communities of northeastern Vancouver Island, and the staff, volunteers, and supporters of the Marine Education and Research Society (MERS). Funding was provided by Fisheries and Oceans Canada and the North Island Marine Mammal Stewardship Association. Data collected under research licenses MML-42 and MML-57.

Funding for the Fisheries and Oceans Canada (DFO) humpback catalog and database was provided by the DFO Species at Risk Program and the Parks Canada Agency. DFO would like to thank the many individuals and organizations that have contributed to this effort over the years.

Marine Megafauna and Fisheries Research Group (MMAPE) thank Ricky Rebolledo and Vicotira Jansen for all their generosity in lending us a zodiac to be able to take pictures in the Revillagigedo archipelago. We want to say thank you so much to Sea Shepherd Conservation Society, and all who participated as part of the crew of R/V Martin Sheen and R/V White Holly, during the research campaigns to the Revillagigedo archipelago from 2019 to 2021. And especially we want to thank Eva Hidalgo, Andrea Bonilla, John Payne, Derek Kimball and JP. Also, we thank all the students who supported both field and photo editing work. We also thank the staff of the Revillagigedo National Park, particularly Erendida Frías for all her support in organizing the visits to the park. We thank the SEP-CONACYT #204778 project that financed part of the expeditions to Revillagigedo from 2019 to 2021. Finally, to the academic department of fisheries engineering of the UABCS, to the Dirección General de Ecología del Municipio de Los Cabos and to the staff of Cabo Expeditions, particularly Diego Ruíz and Oscar Ortiz, who supported us during our photo-ID work in Los Cabos.

Joëlle De Weerd (Association ELI-S) thanks the private donors and the institutions who provided funding for this research including Cascadia Research Collective, Idea Wild, Cetacean Society International, Garmin, Joanna Toole Foundation, and Rufford Foundation. Special thanks to the captains and all the fieldwork assistants who helped collecting the data with us. The research was done under research permits of MARENA: DGPNB-IC-001-2016/ 009-2018/ 006-2019 / 011-2020 / 011-2021.

Hawaii Marine Mammal Consortium acknowledges photography and fieldwork by Suzanne Yin, Susan Rickards, Adam Frankel, Kim New and others whose images were obtained under NOAA/NMFS Research Permits 774-1437, 782-1719, 1127-1921, 15330, and 20605.

Funding from the University of Hawai'i at Manoa and the Office of Naval Research Department of Defense (Grant # N00014-19-1-2612) made this research contribution possible from the Marine Mammal Research Program at the University of Hawaii at Manoa.
